

KIWOCLEAN® EL 7750

Cleaner, based on biodegradable solvents for the removal of solder pastes and SMT adhesives in the stencil printer

KIWOCLEAN EL 7750 is an efficient cleaning product with low odour and optimized drying properties for the reliable removal of all kinds of non hardened SMT adhesives and solder pastes from the bottom side of stencils. KIWOCLEAN EL 7750 is biodegradable and free of aromatic and aliphatic hydrocarbons.

APPLICATION

Pour KIWOCLEAN EL 7750 at ambient temperature into the storage tank of the stencil printer. Refill used quantities with fresh KIWOCLEAN EL 7750. Observe the instructions of the machine manufacturer.

Notice: KIWOCLEAN EL 7750 consists of organic solvents which may attack various plastics, lacquers or coatings. Therefore please check if working tools, accessories, floor or wall coatings are resistant against KIWOCLEAN EL 7750. Ask KIWO for the approval list on stencil printers (electronics@kiwo.de). Carry out tests in advance.

PRODUCT DATA

Colour	colourless, clear
Flash point	approx. 62°C
Boiling range	approx. 169-173°C
Steam pressure (20°C)	approx. 1 mbar
Density (20°C)	approx. 0,95 g/cm ³
Biodegradable	yes

HEALTH HAZARDS/ ENVIRONMENTAL PROTECTION

When working with KIWOCLEAN EL 7750 it is recommended to wear suitable safety goggles and gloves. Do not breathe fumes and ensure sufficient ventilation of the working areas.

Please follow further information given in the material safety data sheet.

STORAGE

2 years (at 20-25°C and original container)
